Coravin Selections

The Coravin is a unique device that allows you to pour wine from the bottle without actually opening the bottle. This is accomplished through the use of a pressurized gas system and a hollow titanium needle that punctures the cork allowing wine to flow out and Argon gas to flow in replacing the remaining Oxygen in the bottle. This essentially arrests any oxidation from occurring in the bottle. The Coravin allows us to offer these exciting wines by the glass for your pleasure. The Coravin selection will change regularly so follow us to find out what's pouring next month.

Chardonnay Far Niente 2017

The 2015 Far Niente Chardonnay presents fresh and bright aromatics of tropical fruit, melon and hints of fig. This wine is beautifully balanced by lightly toasted oak. A silky entry develops into a smooth and rich midpalate. Deep flavors of toasted nuts support the bursting flavor of melon and light citrus accompanied by a long and mouth-filling finish.
